POINTS**

GYANMARG means “**Pathway to Knowledge**”

Knowledge takes variety of meanings

“AS FOR ME, ALL I KNOW IS THAT I KNOW NOTHING” - *Socrates*

The pathway to knowledge (Gyanmarg) in Periodontics emanates from an attitude and motivation to stay abreast with the current research and advancements in the speciality. To strive in that direction, a culture needs to be developed in the present generation of post graduates. In this regard, an attempt to have an expeditious review for the current batch seems apt and forthcoming.

This academic review program is aimed at enriching and updating the knowledge of the post-graduate students in periodontics and guiding them to face the university exams with confidence. Henceforth, I hereby welcome you all to Kamineni Institute of Dental Sciences, Narketpally, to join us in this review program.

Dr. P. Rajababu

Prof. & Head

Dept. of Periodontics & Implantology
